Honorable Donald L. Jackson
House of Representatives
Washington 25, D. C.

Dear Mr. Jackson:

We have received several inquiries concerning the letter being circulated by Mr. Kenneth Hahn of the Board of Supervisors of Los Angeles. Knowing of your interest, I am taking the liberty of writing you about this matter.

Khrushchev's comments about intelligence activities and the Central Intelligence Agency, in our mind, represent part of a deliberate campaign to discredit U. S. intelligence and thus leave a clearer field for Communist subversion. If there is a thaw in the Cold War, Khrushchev obviously would like to deprive the United States of one of its principal weapons for combating Communism. You have noted, of course, that in all of his talk about desiring peace, Khrushchev has stated that Moscow has not renounced and will not change its objective that all of the nations of the free world should and shall become Communist.

As far as Khrushchev's specific claims are concerned, I would point out first that one of his motives was to draw out any information that any official reply or action might supply. You recognize, of course, that from time to time agents are exposed and apprehended. This often happens to Soviet agents. These agents sometimes carry both money and ciphers known as one-time pads. These pads are useful solely for communications between that agent and his home base, and do not affect any other communication system. As far as we are concerned, Khrushchev has not got much comfort out of us in this respect; in fact, nothing comparable to what we have gained from Soviet defectors and agents.
